

PRAISE AND WORSHIP CHA JOB DESCRIPTION

The Head Praise and Worship Cha will be the experienced cha and will be responsible for ensuring that the Praise and Worship Chas perform their responsibilities in an orderly and timely manner. You are responsible for ALL worship at Team meetings AND on the Weekend.

The Praise and Worship Chas will be responsible for leading the team in praise and worship during the team meetings and for leading the praise and worship times on the weekend in the chapel services and in the rollo room. The Praise and Worship Chas will teach the theme song of the weekend and De Colores to the candidates.

The Praise and Worship Chas will coordinate with the Rector in selecting songs to be used at the team meetings and on the weekend and will be responsible for preparing any song sheets deemed necessary to provide words and/or Praise and Worship for the team and candidates.

The Praise and Worship Chas may be asked to perform special Praise and Worship selections at the Rector's discretion. It is essential that all Praise and Worship plans for the team meetings or the weekend be discussed with the Rector in advance and integrated within the overall theme and time schedules of the team meetings and the weekend. Songs should be chosen for the chapel services on the weekend that will go with the theme of that particular day. The chapel will have some responsibility for the Praise and Worship used in the chapel. You will need to coordinate with the Head chapel. You will need to check with Chapel to see if you will need to help provide Praise and Worship for Communion services, Foot Washing, and Forgiveness Chapel. It is not the responsibility of the Head Communications to provide these selections, however they may have Praise and Worship available to help you as needed.

Occasionally a Spiritual Director will have a request for a particular song to be sung or performed during specific chapel service. Such requests should be honored if possible but must be coordinated with the Rector.

On the weekend the Praise and Worship Chas must be available to the Rector at all times. You should be where the Rector and the Candidates are and be ready to lead in singing at a moment's notice.
